SETTLEMENT AGREEMENT
AED/MSEB 5014

THIS AGREEMENT is made and entered into by and between the United States Environmental Protection Agency ("EPA") and Island Transportation Corporation, located at 299 Edison Avenue, West Babylon, New York ("Respondent").

Preliminary Statement

1. On October 28, 1999, a Notice of violation ("Notice") was issued to Respondent for violation of § 211 of the Clean Air Act ("Act"), 42 U.S.C. § 7545, and the regulations promulgated thereunder at 40 C.F.R. Part 80.77 ("regulations"). This law requires on each occasion when any person transfers custody or title to any reformulated gasoline, the transferor shall provide to the transferee documents which include a designation as to whether the gasoline is VOC-controlled for VOC-Control Region 1, VOC-controlled for VOC-Control Region 2 or not VOC-controlled. This law subjects violators, including carriers, to a maximum civil penalty of \$27,500 for each violation.

2. The parties, desiring to settle and resolve this matter, in consideration of the mutual covenants and agreements contained herein, which consideration is acknowledged by the parties to be adequate, agree as set forth herein:

Terms of Agreement

3. The parties agree that the settlement of this matter, without further litigation, is in the public interest and that this Settlement Agreement ("Agreement") is the most appropriate means of resolving the matter.

4. By entering into this Agreement, Respondent does not admit that it is in any way responsible for the alleged violations or that any violations of law have occurred.

5. The parties stipulate and agree to the following matters. It is further agreed that these stipulations are applicable to this Agreement and any penalty proceeding arising out of this Agreement:

a. At all relevant times, Respondent was a carrier as defined within the meaning of 40 C.F.R. § 80.2.

b. On June 15, 1998, a gasoline inspection was conducted at Tallman Auto Center, Inc., located in Rockland County, New York.

c. As a result of the inspection, EPA determined that the required product transfer documents were not provided to Tallman Auto Center on five different occasions.

d. EPA and Respondent have entered into this Agreement in the spirit of compromise and to avoid litigation.

e. Jurisdiction to settle this matter exists pursuant to § 211 of the Clean Air Act, 42 U.S.C. § 7545, 40 C.F.R. § 80.20, and other provisions of law.

6. After considering the gravity of the alleged violations and Respondent's history of compliance with the regulations, EPA has determined to remit and mitigate the civil penalty to five thousand dollars (\$5,000), subject to successful completion of the terms of this Agreement.

Respondent agrees to pay \$5,000 to the United States of America. Payment shall be due sixty (60) days from receipt of written notice that this Agreement is executed by EPA ("the due date"). Late payment of the civil penalty is subject to interest and fees as specified in 31 U.S.C. § 3717. Respondent agrees to pay the amount by check made payable to the "United States of America," and to mail the payment to:

U.S. Environmental Protection Agency
Washington Accounting Operations
P.O. Box 360277M
Pittsburgh, Pennsylvania 15251
Attn: AED/MSEB 5014

A photocopy of the check shall be mailed simultaneously to:

David J. Gottfried, Esquire
U.S. Environmental Protection Agency
401 M Street, S.W. (2242A)
Washington, D.C. 20460
Attn: AED/MSEB 5014

In addition, within thirty days of EPA signing this Agreement, Respondent shall provide signed affidavits from all current employees who deliver gasoline from the Island Transportation Maspeth Terminal (where these violations occurred), affirming that they understand the requirements set forth in the regulations and agree to abide by them. Respondent shall conduct a mandatory training course twice a year for the next five years to ensure all employees are aware of and comply with current regulations. Respondent shall notify EPA in writing each time a class occurs.

7. Time is of the essence to this Agreement. Respondent's failure to timely pay the payment amount specified in Paragraph 6 within 30 days following the due date shall be deemed a default. The parties further agree that upon any such default, EPA may refer this matter to the United States Attorney General for collection pursuant to § 211(d) of the Clean Air Act,

42 U.S.C. § 7545(d), commence an action to enforce this Agreement, or pursue any other remedies available to it. Respondent specifically agrees that in the event of such default, EPA may proceed in an action based on the original claim of violation of section 211 of the Clean Air Act, 42 U.S.C. § 7545, and Respondent expressly waives its right to assert that such action is barred by 28 U.S.C. § 2462, other statutes of limitation, or other provisions limiting actions as a result of passage of time.

8. This agreement becomes effective upon the date accepted by EPA, at which time a copy will be returned to Respondent.

9. Respondent hereby represents that the individual executing this Agreement on behalf of Respondent are authorized to do so and that such execution is intended and is sufficient to bind Respondent.

10. For purposes of this Agreement, in addition to the waivers specifically set forth in Paragraph 7 hereof, Respondent waives its right, if any, to object to EPA's jurisdiction to settle this matter.

11. Except as expressly set forth in Sections 7 and 10 hereof, the terms of this Settlement Agreement shall not be construed as waiving, barring, diminishing, adjudicating or in any way affecting any legal or equitable rights or defenses that the Respondent may have.

12. The terms of this Agreement are contractual and not a mere recital. If any provision or provisions of this Agreement are held to be invalid, illegal or unenforceable, the remaining provisions shall not in any way be affected or impaired thereby.

13. The validity, enforceability, and construction of all matters pertaining to this Agreement shall be determined in accordance with applicable federal law.

14. Timely payment of the payment amount specified in Paragraph 6 hereof and any stipulated penalties and interest due under this Settlement Agreement shall constitute full and final settlement and satisfaction of this matter; and, upon EPA's receipt of such payment, this matter shall be deemed terminated and resolved. Nothing herein shall limit the right of EPA to proceed against Respondent in the event of default or noncompliance with this Agreement. This Agreement in no way affects or relieves Respondent of responsibility to comply with other state, federal or local law or regulations.

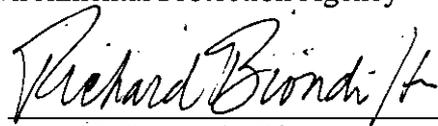

The following agree to the terms of this Agreement:
