Public Notice No. 2019-21

Date: July 26, 2019

NOTICE: PREPARATION OF DRAFT NPDES PERMIT

Notice is hereby given that the following party has applied to the United States Environmental Protection Agency (EPA) under the provisions of the Clean Water Act, 33 U.S.C. §1251 et seq. (the Act), for National Pollutant Discharge Elimination System (NPDES) permit for the discharge of pollutants into waters of the United States.

Applicant	NPDES Number	Facility Name	Flow (MGD)*	Receiving Water / Classification
St. Regis Mohawk Tribe	SR0026417	St. Regis Water Treatment Plant	0.08	St. Lawrence River/A

This notice is being given to inform the public that the EPA has prepared a draft NPDES permit for this facility. This draft permit contains effluent limitations, standards, prohibitions and other conditions necessary to carry out the provisions of the Act. If, after the conclusion of the proceeding summarized below, the Regional Administrator of EPA Region 2 makes a final decision to issue the permit, the applicant will be required to comply with all the conditions in the permit.

The draft permit prepared by the EPA is based on the respective administrative record. Among other documents, the administrative record required by 40 CFR §124.9, consists of the application, draft NPDES permit, and statement of basis or fact sheet describing the basis for the conditions in the draft permit. All data submitted by the applicant is available as part of the administrative record.

A copy of the administrative record is on file at the above and may be inspected and photocopied at a cost of \$0.15 per page at any time between 8:30 A.M. and 4:00 P.M., Monday through Friday. A copy of the draft permit and fact sheet may be obtained by writing to the above address or by calling (212) 637-3850. The draft permit and fact sheet are also available on the EPA website at the following web address: <http://www.epa.gov/region02/water/permits.html>.

Interested persons may submit written comments on the draft permit to the Chief, Clean Water Regulatory Branch, at the above address. All comments must be submitted by no later than 30 days from the date of this notice.

All persons may provide comments during the public comment period. If the EPA finds that comments timely submitted appear to raise substantial new questions, the EPA may reopen the public comment period for that permit.

Any interested persons may request a public hearing on these documents. Any request for a public hearing under 40 C.F.R. §124.11 on EPA's draft permit shall be in writing, state the nature of the issues proposed to be raised in the hearing, and be submitted to the Chief, Clean Water Regulatory Branch, EPA, Region 2, at the above address by no later than 30 days from the date of this notice. The EPA's decision on the question of whether to hold a public hearing on the draft NPDES permit, the administration of any hearing and the rights and obligations of participants are governed by regulations at 40 C.F.R. §124.12. If EPA holds a public hearing, the public comment period in this notice shall automatically be extended to the close of the public hearing.

If the EPA does not hold a public hearing or reopen the comment period, the EPA shall consider the issuance of a final permit to the applicant as soon as possible after the date indicated above for the submission of comments. All timely comments, submitted by interested persons in response to this notice, and statements and other evidence properly submitted at any public hearing held by the EPA shall be considered in making the final decision with respect to these permit applications. All comments shall be answered as provided in 40 C.F.R. §124.17.

The applicant and any other person who submits timely written comments or requests notice of final permit decision shall receive notice of the EPA's final decision. Within 30 days of service of such notice, any interested person who has submitted timely written comments may file a notice of appeal and petition for review to the Environmental Appeals Board to review any condition of the permit decision. Any person who failed to file comments or failed to participate in the public hearing on the draft permit may petition for review only to the extent of the changes from the draft to the final permit decision. Any such request must meet the requirements of 40 CFR §124.19.
