Table 2 - Description of Violation and Vehicles/Engines

Ricky Wu, doing business as Yae First Trading Co. Ltd. (Respondent) imported the engines described at the bottom of Table 2 (the Subject Engines) on or about May 29, 2019. An authorized federal inspector remotely examined the Subject Engines and did not find any emission control information (ECI) labels affixed to the engines. The inspector was not able to identify a known engine family for the Subject Engines, which are also not certified under an EPA certificate of conformity (COC). The Respondent did not provide EPA with an EPA declaration form (3520-21) with any claim that the Subject Engines are covered by an engine family. The EPA has found no evidence indicating the Subject Engines are exempt or otherwise excluded from coverage under Title II of the Clean Air Act (CAA) and its implementing regulations. Accordingly, by importing the Subject Engines, Respondent has committed 65 violations of CAA Sections 203(a)(1) and 213(d), 42 U.S.C. §§ 7522(a)(1) and 7547(d), and the regulations codified at 40 C.F.R. §§ 1068.101(a)(1), and 1068.101(b)(5).
