OFFICE OF WATER

MEMORANDUM

SUBJECT: Reallotment of FY 2019 DWSRF Funds

FROM: Anita Maria Thompkins, Director
Drinking Water Protection Division
Office of Ground Water and Drinking Water

TO: SRF Branch Chiefs
Regions 1-10

This memorandum announces the availability of reallocated federal fiscal year (FY) 2019 Drinking Water State Revolving Fund (DWSRF) dollars. These funds originated from the Consolidated Appropriations Act, 2019 (P.L. 116-6). Note that a Congressionally directed rescission could lower these amounts.

In September 2020, the State of Wyoming declined its \$11,004,000 FY 2019 allotment. By law, EPA must reallocate unobligated funds after the second fiscal year of availability. This follows the process explained in our September 11, 2020 memorandum, "*State Revolving Fund Capitalization Grant Reallotment Procedure*."

As authorized by the Safe Drinking Water Act, EPA is reserving 10 percent of funds available for reallocation to provide additional assistance to tribes. The remaining funds are available to the 49 other states, Puerto Rico, and the District of Columbia. Attachments A and B list the state and tribal allotments, respectively.

Eligible entities have until September 30, 2021 to apply for and receive their portion of the reallocated funds. Any available funds remaining unawarded after that date will be included in the next year's reallocation calculation.

These reallocated funds carry all program requirements and authorities associated with the FY 2019 appropriation. Regions and states should review the April 22, 2019 memorandum "*FY 2019 DWSRF Allotment Availability*" and its attachments to determine the appropriate terms and conditions. Attachment C shows the state-by-state mandatory Congressional and Disadvantaged Community additional subsidy amounts.

Please see the abovementioned September 2020 memorandum for details about mechanisms Regions may use to award the funds and expectations for binding commitments and disbursements.

If you have questions, please contact Nick Chamberlain, DWSRF Team Lead, at chamberlain.nick@epa.gov.
