

EV-CIS Software Release Notes, Release 31.0

Key	Manufacturer Software Release Notes	Compliance Program
Common Services Maintenance and Enhancements		
Certification Module		
EVCIS-13033	<p>New Feature/Functionality: Additional model years included in the Upload Certification Documents module</p> <p>Description: Model years 2023, 2024, and 2025 are now available in the Model Year drop-down menu in the Upload Certification Documents module for Heavy-Duty Highway Gas and Diesel Engine and Marine CI industries.</p>	Heavy-Duty Engines, Marine Compression Ignition
EVCIS-13770, EVCIS-13769, EVCIS-13507, EVCIS-12986, EVCIS-12985, EVCIS-12984	<p>New Feature/Functionality: Contact, Location, and Test Lab information included in Certificate datasets will be validated</p> <p>Description: New business rules added to validate Contacts, Locations, and Test Labs before manufacturers can submit their certification datasets</p>	Common Services, Maintain Manufacturer Information
EVCIS-13650	<p>New Feature/Functionality: Updates to certification data set batch submissions for the Manufacturer Information application</p> <p>Description: Batch compliance submissions will use new Location Source IDs and Contact Source IDs, which can be found in the Manufacturer Information user interface. These will match the Location and Contact IDs currently used by manufacturers.</p>	Common Services, Maintain Manufacturer Information
EVCIS-13257	<p>New Feature/Functionality: Contacts entered in the Manufacturer Information application are populated in the Certification user interface (UI)</p> <p>Description: All Contact fields in the Certification application will display the updated list of contacts that are active in the Manufacturer Information application. Contacts will be filtered by Contact Role, Industry, and Compliance Program.</p>	Common Services, Maintain Manufacturer Information
EVCIS-13237	<p>New Feature/Functionality: Test Labs entered in the Manufacturer Information application are populated in the Certification UI</p> <p>Description: All Test Lab fields in the Certification application will display the updated list of active test labs, based on the information in the Manufacturer Information application.</p>	Common Services, Maintain Manufacturer Information
EVCIS-13138	<p>New Feature/Functionality: Locations entered in the Manufacturer Information application are populated in the Certification UI</p> <p>Description: All Address fields in the Certification application will display the updated list of active locations, filtered by Location Type, based on the information in the Manufacturer Information application.</p>	Common Services, Maintain Manufacturer Information

Industry List Updates		
EVCIS-13568, EVCIS-13571	<p>New Feature/Functionality: The Manufacturer Information application displays the full list of industries</p> <p>Description: Manufacturers will now be able to select from the following industries on the Applicable Industries screen:</p> <ul style="list-style-type: none"> - Heavy-Duty Highway Gasoline Engines - Heavy-Duty Highway Diesel Engines - Nonroad Evaporative Diurnal - Nonroad Evaporative Equipment - Nonroad Evaporative Fuel Caps - Nonroad Evaporative Fuel Lines - Nonroad Evaporative Fuel Tanks - Nonroad Evaporative Vessels 	Common Services, Maintain Manufacturer Information
EVCIS-13655	<p>New Feature/Functionality: The Certification UI now displays Contacts based on the updated industry list</p> <p>Description: Contacts are populated in the Certification UI based on their industry, and Certification field labels for Locations and Contacts are updated to match the data requirements.</p>	Common Services, Maintain Manufacturer Information
Request For Certificate/Request to Update the CSI		
EVCIS-12792, EVCIS-14396, EVCIS-14294	<p>New Feature/Functionality: Business rule validation for Request for Certificate (RFC) data sets</p> <p>Description: For New Certificate, Revised Certificate, or CSI Update requests, any Agent for Service Contact records and Location records included in the data set will be validated to ensure they are active in the Manufacturer Information application.</p>	Maintain Manufacturer Information, Request for Certificate
EVCIS-13076	<p>New Feature/Functionality: Business rule validation for Request for Certificate (RFC) submitter</p> <p>Description: For RFC requests, the CROMERR Signer submitting the request must exist in the Manufacturer Information application for that manufacturer code with a Contact Role of 'CROMERR Signer'.</p>	Maintain Manufacturer Information, Request for Certificate
Locomotive Maintenance and Enhancements		
EVCIS-13211	<p>New Feature/Functionality: Additional model years included in the Locomotive Engine, Idle Control System (ICS), and Non-OEM (Original Engine Manufacturer) modules</p> <p>Description: Model year range has been modified for the following drop down menus in the Locomotive Engine, ICS, and Non-OEM modules:</p> <ul style="list-style-type: none"> - Certificate Summary Information (CSI) Submission - Request Dataset - Delete Dataset - Upload Certification Documents 	Heavy-Duty Engines, Marine Compression Ignition

Maintain Manufacturer Information

Affirmation Process

EVCIS-13148, EVCIS-13075, EVCIS-13071, EVCIS-12923, EVCIS-12790, EVCIS-12789, EVCIS-10500, EVCIS-10062, EVCIS-10061	<p>New Feature/Functionality: New process for affirming Manufacturer Information on a yearly cadence</p> <p>Description: Manufacturers with the CROMERR Signer role ONLY will:</p> <ul style="list-style-type: none">- See a warning message on the EV-CIS Home page if the affirmation deadline is approaching or has passed- See the Review & Submit screen upon logging into the Maintain Manufacturer Information application- Be able to affirm their manufacturer information by selecting the affirmation checkbox on the Review & Confirm screen and then clicking the 'Submit' button- Receive email and CDX Inbox notifications when the affirmation deadline is approaching	Maintain Manufacturer Information
---	---	-----------------------------------

EVCIS-13148, EVCIS-13075, EVCIS-13071, EVCIS-12923, EVCIS-12790, EVCIS-12789, EVCIS-10500, EVCIS-10062, EVCIS-10061	<p>New Feature/Functionality: New process for affirming Manufacturer Information on a yearly cadence</p> <p>Description: Manufacturers with BOTH the CROMERR Signer and Submitter roles will:</p> <ul style="list-style-type: none">- See a warning message on the EV-CIS Home page if the affirmation deadline is approaching or has passed- Be able to edit information in the Maintain Manufacturer Information application- Be able to affirm the information by selecting the affirmation checkbox on the Review & Submit screen and clicking 'Submit'- Receive email and CDX Inbox notifications when the affirmation deadline is approaching	Maintain Manufacturer Information
---	--	-----------------------------------

Applicable Industries Screen

EVCIS-10443, EVCIS-10504, EVCIS-10520, EVCIS-12150, EVCIS-12835, EVCIS-12276, EVCIS-12796, EVCIS-12901, EVCIS-11969, EVCIS-12662, EVCIS-10519, EVCIS-12836, EVCIS-12740, EVCIS-13066, EVCIS-13174, EVCIS-14335, EVCIS-11966, EVCIS-11949, EVCIS-11941, EVCIS-10522, EVCIS-12801, EVCIS-14292, EVCIS-13441, EVCIS-13282, EVCIS-13052	<p>New Feature/Functionality: An updated Maintain Manufacturer Information "Applicable Industries" screen (formerly named "Manufacturer") for selecting industries that are applicable to a manufacturer code</p> <p>Description: Manufacturers will:</p> <ul style="list-style-type: none">- Be able to enter and select data- See primary global and manufacturer-specific Assigned Compliance Engineer(s)- See red error messages when submitting data without populating all required fields- See new help text, tool tips, and pop-up warning messages- See business rule validation text on the Review & Confirm screen- Be able to review pending changes on the Review & Confirm screen and submit their data-- See their submission summary details on the Complete screen	Maintain Manufacturer Information
---	---	-----------------------------------

Locations Screen		
<p>EVCIS-13028, EVCIS-13027, EVCIS-12916, EVCIS-12807, EVCIS-12748, EVCIS-12747, EVCIS-12742, EVCIS-12729, EVCIS-12516, EVCIS-12274, EVCIS-12272, EVCIS-12214, EVCIS-12097, EVCIS-11967, EVCIS-11948, EVCIS-11942, EVCIS-10444, EVCIS-14324, EVCIS-14288, EVCIS-13636, EVCIS-13597, EVCIS-13441, EVCIS-13461, EVCIS-13420, EVCIS-13419, EVCIS-13378, EVCIS-13369, EVCIS-13649, EVCIS-13288, EVCIS-13285, EVCIS-13264, EVCIS-13221, EVCIS-13186, EVCIS-13146, EVCIS-13082, EVCIS-13081, EVCIS-13068, EVCIS-12937, EVCIS-13032, EVCIS-13067</p>	<p>New Feature/Functionality: An updated Maintain Manufacturer Information "Locations" screen (formerly named "Addresses") for adding and editing location records</p> <p>Description: Manufacturers will:</p> <ul style="list-style-type: none"> - Be able to enter and select data - Be guided by the interface as to which data elements are required, optional, or not allowed - See red error messages when submitting data without populating all required fields - See new help text, tool tips, and pop-up warning messages - See the location records (active and inactive) are displayed in alphanumerical order - See that any existing Test Labs that are linked to the same Address have been added as new location records - See business rule validation text on the Review & Confirm screen - Be able to review pending changes on the Review & Confirm screen and submit their data - See their submission summary details on the Complete screen 	<p>Maintain Manufacturer Information</p>
Contacts Screen		
<p>EVCIS-13005, EVCIS-12810, EVCIS-12799, EVCIS-12798, EVCIS-12787, EVCIS-12725, EVCIS-12533, EVCIS-12532, EVCIS-12522, EVCIS-12515, EVCIS-12344, EVCIS-12277, EVCIS-10453, EVCIS-14647, EVCIS-14324, EVCIS-14254, EVCIS-13782, EVCIS-13597, EVCIS-13441, EVCIS-13461, EVCIS-13420, EVCIS-13419, EVCIS-13378, EVCIS-13369, EVCIS-13649, EVCIS-13319, EVCIS-13289, EVCIS-13288, EVCIS-13285, EVCIS-13221, EVCIS-13170, EVCIS-13082, EVCIS-13067</p>	<p>New Feature/Functionality: An updated Maintain Manufacturer Information "Contacts" screen (formerly named "Contact Information") for adding and editing contact records and for adding and editing Industry/Compliance Program notifications</p> <p>Description: Manufacturers will:</p> <ul style="list-style-type: none"> - Be able to enter and select data - Be guided by the interface as to which data elements are required, optional, or not allowed - See red error messages when submitting data without populating all required fields - See new help text, tool tips, and pop-up warning messages - See the contact records (active and inactive) are displayed in alphanumerical order - See business rule validation text on the Review & Confirm screen - Be able to review pending changes on the Review & Confirm screen and submit their data - See their submission summary details on the Complete screen 	<p>Maintain Manufacturer Information</p>

Divisions Screen		
<p>EVCIS-13240, EVCIS-13088, EVCIS-12840, EVCIS-12839, EVCIS-12814, EVCIS-12813, EVCIS-12797, EVCIS-12745, EVCIS-12534, EVCIS-13441, EVCIS-13288, EVCIS-13221, EVCIS-13170, EVCIS-13067</p>	<p>New Feature/Functionality: An updated Maintain Manufacturer Information "Divisions" screen for adding new Division records</p> <p>Description: Manufacturers will:</p> <ul style="list-style-type: none"> - Be able to enter and select data - See red error messages when submitting data without populating all required fields - See new help text, tool tips, and pop-up warning messages - See the division records (active and inactive) are displayed in alphanumerical order - See business rule validation text on the Review & Confirm screen - Be able to review pending changes on the Review & Confirm screen and submit their data - See their submission summary details on the Complete screen 	<p>Maintain Manufacturer Information</p>
Alternate Manufacturers Screen		
<p>EVCIS-13242, EVCIS-13192, EVCIS-13191, EVCIS-13190, EVCIS-13189, EVCIS-13090, EVCIS-13089, EVCIS-13084, EVCIS-12992, EVCIS-12848, EVCIS-12815, EVCIS-10452, EVCIS-14679, EVCIS-13635, EVCIS-13441, EVCIS-13349</p>	<p>New Feature/Functionality: An updated Maintain Manufacturer Information "Alternate Manufacturers" screen for adding new Permission records</p> <p>Description: Manufacturers will:</p> <ul style="list-style-type: none"> - Be able to enter and select data - See red error messages when submitting data without populating all required fields - See new help text, tool tips, and pop-up warning messages - See business rule validation text on the Review & Confirm screen - Be able to review pending changes on the Review & Confirm screen and submit their data - See their submission summary details on the Complete screen 	<p>Maintain Manufacturer Information</p>

Security and Integration

EVCIS-12728, EVCIS-12741, EVCIS-14317, EVCIS-12987	<p>New Feature/Functionality: Integration of the new Manufacturer Information application with the Verify application</p> <p>Description: Manufacturers will be able to:</p> <ul style="list-style-type: none">- Navigate to the new Maintain Manufacturer Information application from the EV-CIS Home page, footers, and Industry Home pages- Navigate from Manufacturer Information to the EV-CIS Home page by clicking the "Home" button or the EV-CIS logo- Navigate from Manufacturer Information to MyCDX by clicking "My CDX" link- Navigate from Manufacturer Information to CDX Inbox screen by clicking "CDX Inbox" link	Maintain Manufacturer Information
--	--	-----------------------------------

Locking Feature

EVCIS-14289, EVCIS-14290, EVCIS-14463	<p>New Feature/Functionality: The Maintain Manufacturer Information application will be locked for editing if another user is logged in or until changes are saved to the database</p> <p>Description: Manufacturers will:</p> <ul style="list-style-type: none">- See a pop-up warning message indicated that the application is locked by another user or because submitted changes are still being processed- Be taken directly to the Review & Confirm screen when the application is locked and see that the "Submit" button is disabled	Maintain Manufacturer Information
---------------------------------------	--	-----------------------------------

Session Timer

EVCIS-13085, EVCIS-13288	<p>New Feature/Functionality: Warning message pop-up due to inactivity</p> <p>Description: Manufacturers will:</p> <ul style="list-style-type: none">- See a pop-up warning message after 10 minutes of inactivity	Maintain Manufacturer Information
--------------------------	--	-----------------------------------

Manufacturer Information EPA User Interface

Manufacturer Information Search

EVCIS-13721	<p>New Feature/Functionality: Links to the Maintain Manufacturer Information application are updated on the Manufacturer User Interface (UI)</p> <p>Description: Manufacturers will be able to navigate to the new Manufacturer Information application from the Certification and Compliance pages</p>	Maintain Manufacturer Information
-------------	---	-----------------------------------

Certification Submodules Maintenance and Enhancements**Manufacturer Information Integration**

EVCIS-14322, EVCIS-14321	<p>New Feature/Functionality: Updated EV-CIS Quick links in the footer of the Heavy-Duty Engines and Vehicles certification submodules</p> <p>Description: Manufacturers will be able to navigate to the new Manufacturer Information application using the EV-CIS Quick Links in the Heavy-Duty Engines and Vehicles certification submodules</p>	Heavy-Duty Engines, Heavy-Duty Vehicles
EVCIS-14359, EVCIS-13649	<p>New Feature/Functionality: Updated Certification Submodules to integrate with new Manufacturer Information application</p> <p>Description: Manufacturer Name and Manufacturer Code are populated in the Certification Submodules based on data entered in the Manufacturer Information application</p>	Heavy-Duty Engines, Heavy-Duty Vehicles

Defects and Recalls Maintenance and Enhancements**Manufacturer Information Integration**

EVCIS-12981	<p>New Feature/Functionality: Updated EV-CIS Quick links in the footer of the Defects and Recalls screens</p> <p>Description: Manufacturers will be able to navigate to the new Manufacturer Information module using the EV-CIS Quick Links in the Defects and Recalls module</p>	Defects and Recalls
EVCIS-14361	<p>New Feature/Functionality: Updated Defects and Recalls application to integrate with new Manufacturer Information application</p> <p>Description: Manufacturer Name, Manufacturer Code, Location, Contact, and Industry information is populated in the PVR application based on data entered in the Manufacturer Information application</p>	Defects and Recalls

Production Volume Reporting Maintenance and Enhancements**Manufacturer Information Integration**

EVCIS-14320, EVCIS-14321	<p>New Feature/Functionality: Updated EV-CIS Quick links in the footer of the Production Volume Reporting (PVR) screens</p> <p>Description: Manufacturers will be able to navigate to the new Manufacturer Information module using the EV-CIS Quick Links in the Production Volume Reporting module</p>	Production Volume Reporting
EVCIS-14360	<p>New Feature/Functionality: Updated PVR application to integrate with new Manufacturer Information application</p> <p>Description: Manufacturer Name, Manufacturer Code, and Contact information is populated in the PVR application based on data entered in the Manufacturer Information application</p>	Production Volume Reporting

Request EPA Manufacturer Code

Applicable Industries Screen

EVCIS-13569, EVCIS-13566, EVCIS-13023, EVCIS-13022, EVCIS-13019, EVCIS-13018, EVCIS-13441, EVCIS-14485	<p>New Feature/Functionality: Updated Request EPA Manufacturer Code "Manufacturers" screen (renamed "Applicable Industries") for selecting industries that are applicable to a manufacturer code</p> <p>Description: Manufacturers will:</p> <ul style="list-style-type: none">- Be able to enter and select data- See red error messages when submitting data without populating all required fields- See new help text, tool tips, and pop-up warning messages- See business rule validation text on the Review & Confirm screen- Be able to review their information on the Review & Confirm screen, submit their data, and view their submission summary details on the Complete screen- Receive an email notification when a Request for Manufacturer Code is submitted	Request EPA Manufacturer Code
--	---	-------------------------------

Locations Screen

EVCIS-13569, EVCIS-13566, EVCIS-13023, EVCIS-13022, EVCIS-13020, EVCIS-13019, EVCIS-13018, EVCIS-13597, EVCIS-13441, EVCIS-13461, EVCIS-13420, EVCIS-13378, EVCIS-13369, EVCIS-14485	<p>New Feature/Functionality: Updated Request EPA Manufacturer Code "Addresses" screen (renamed "Locations") for selecting industries that are applicable to a manufacturer code</p> <p>Description: Manufacturers will:</p> <ul style="list-style-type: none">- Be able to enter and select data- See red error messages when submitting data without populating all required fields- See new help text, tool tips, and pop-up warning messages- See business rule validation text on the Review & Confirm screen- Be able to review their information on the Review & Confirm screen, submit their data, and view their submission summary details on the Complete screen- Receive an email notification when a Request for Manufacturer Code is submitted	Request EPA Manufacturer Code
--	---	-------------------------------

Contacts Screen

<p>EVCIS-13569, EVCIS-13566, EVCIS-13023, EVCIS-13022, EVCIS-13020, EVCIS-13019, EVCIS-13018, EVCIS-14254, EVCIS-13782, EVCIS-13597, EVCIS-13441, EVCIS-13461, EVCIS-13420, EVCIS-13378, EVCIS-13369, EVCIS-14485</p>	<p>New Feature/Functionality: Updated Request EPA Manufacturer Code "Contact Information" screen (renamed "Contacts") for selecting industries that are applicable to a manufacturer code</p> <p>Description: Manufacturers will:</p> <ul style="list-style-type: none">- Be able to enter and select data- See red error messages when submitting data without populating all required fields- See new help text, tool tips, and pop-up warning messages- See business rule validation text on the Review & Confirm screen- Be able to review their information on the Review & Confirm screen, submit their data, and view their submission summary details on the Complete screen- Receive an email notification when a Request for Manufacturer Code is submitted	<p>Request EPA Manufacturer Code</p>
