Re: EPA Docket No. CWA-03-2008-0382DW  
ADMINISTRATIVE ORDER FOR COMPLIANCE

Dear Mr. Archer:

This refers to an Administrative Order for Compliance issued by this office dated August 21, 2008, concerning the unauthorized filling of wetlands on the property located at 14777 Brickhouse Drive, Disputanta, Prince Georges County, Virginia.

The Order required mitigation of the environmental harm which was caused by the unlawful discharge to jurisdictional waters of the United States. The information provided by you and Diane Cook, Inspector, Prince Georges County, Virginia has revealed that you have satisfied the conditions of the Order. In addition to restoration, a total of 15 acres of wetlands are preserved in perpetuity by the Conservation Easement (CE) recorded on June 22, 2011. Any future work outside of the eased areas that may impact jurisdictional waters of the United States will at a minimum require consultation with the Norfolk District of the U.S. Army Corps of Engineers, Virginia Department of Environmental Quality, and Prince Georges County.

Should you have any questions or concerns, please feel free to contact Carol Petrow who is assigned to this matter and may be reached at 215-814-2789.

Sincerely,

A handwritten signature in black ink, appearing to read "Jeffrey D. Lapp".
