- E. Quick Introductions of EPA staff (OEJECR, OGC, and OGD) and Interpreters

# Topics to be covered in this section:

- Purpose of the EJCPS program
- Definition of a CBO
- Funding Totals and Award Information
- Eligibility – Who can apply directly for an EJCPS award
- Partnerships (IRA and/or Traditional EJ partnerships)
- SAM.gov and Grants.gov registration requirement

# Purpose of EJCPSP Program

## I. Direct funding to CBOs

- a. The EJCPSP program provides an opportunity for community-based nonprofit organizations (CBOs) to manage federal grant dollars directly
- b. EPA provides direct training and support to CBOs in the management of federal dollars.
- c. If selected, an EPA Project Officer will plan and meet with you regularly. **You are not alone!!**

## II. Collaboration with partners and coalition-building

- a. Applicants must utilize EPA's [EJ Collaborative Problem-Solving Model](#) in their proposal and the management of their project (if selected)
- b. Applicants are **strongly** encouraged to propose projects where they collaborate with other community stakeholders (e.g., local businesses and industry, local government, medical service providers, academia, etc.).

# Purpose of EJCPS Program (cont.)

## III. Projects addressing disproportionate environmental/public health issues

- a. Projects should develop solutions that will significantly address environmental and/or public health issue(s) in communities disproportionately burdened by environmental harms and risks
- b. Proposals must include relevant information such as demographics, geographic location, and community history.
- c. EPA **strongly** encourages the use of EPA's [EJSCREEN tool](#) (or other EJ- based mapping tool) to help you characterize and describe your target community. Data from other sources (e.g., studies, census, and third-party reports) can also be included to give a more complete picture of the impacted communities and populations.
- d. EJSCREEN Office Hours, Training Schedule, and Past Recordings are available here:  
<https://www.epa.gov/ejscreen/ejscreen-office-hours-training>

# Funding Opportunity (Section I)

pages 2 – 15 of the RFA

## I. Definition of a Community Based Nonprofit Organization (CBO):

- a. a public or private nonprofit organization that supports and/or represents a community and/or certain populations within a community through engagement, education, and other related services provided to individual community residents and community stakeholders. A “community” can be characterized by a particular geographic area and/or by the relationships among members with similar interests and can be characterized as part of a broader national or regional community where organizations can be focused on the needs of urban, rural, and/or tribal areas, farmworkers, displaced workers, children with high levels of lead, people with asthma, subsistence fishers, and other similar groups. **Only entities that qualify as community-based nonprofit organizations are eligible for funding under this RFA.**

## II. Inflation Reduction Act (IRA) funding

- a. 2022 Inflation Reduction Act (IRA) created the Environmental and Climate Justice block grant program in section 138 of the Clean Air Act (CAA) and provided EPA with \$2.8 billion in grant funding for the program for projects to benefit disadvantaged communities.

# Funding & Award Information (Section II)

pages 16 – 17 of RFA

## I. Total Funding

- a. Approximately \$30 million available for approximately 80 projects nationwide ranging from \$150,000 - \$500,000

## II. Funding Breakdown/Number of Awards / Funding Tracks

- a. \$25 million available for CBOs AND CBO PARTNERSHIPS proposing projects for up to \$500,000 each (~50 projects nationwide)
- b. \$5 million available for small CBOs (5 or fewer full-time employees) proposing projects for up to \$150,000 (~30 projects nationwide)

## III. Length of Project & Other Award Details

- a. Project Period is 3 years
- b. Applicants should plan for an October 1, 2023, start date
- c. All funds must be drawn down by the end of the 3-year project period
  - a. **No extensions are allowed!! (This is a statutory limitation)**
- d. Cooperative Agreements – substantial EPA involvement & oversight

# Eligibility (Section III)

pages 17 – 20 of RFA

## I. Who is eligible to apply to the EJGPS program?

- a. a community-based nonprofit organization (CBO); or
- b. a partnership of community-based nonprofit organizations

*NOTE - The EJGPS opportunity is only for CBOs to apply to directly*

## II. Who is ineligible to apply directly? (but applicants may collaborate with these entities)

- a. Tribes and tribal governments; US Territories and Freely associated states; International Organizations; Institutions of Higher Education; Hospitals; States, local governments, and quasi-governmental entities
- b. Although ineligible to apply directly, these entities can be partners on EJGPS projects via financial partnerships (subawards or contracts) or non-financial partnerships (in-kind work)

# Eligibility (Section III)

pages 17 – 20 of RFA

## I. Partnerships with CBOs and other community stakeholders are strongly encouraged

- a. Partnerships are not required but are expected in the EJ Collaborative Problem-Solving program
- b. All Partnerships documented in the workplan should be accompanied with a Letter of Commitment

## II. Types of Partnerships

- a. IRA-qualifying partnerships (FOR ELIGIBILITY PURPOSES) = partnerships where the applying CBO provides a subaward to the partnering CBO
  - i. The Inflation Reduction Act legislation states that CBOs and/or partnerships of CBOs can receive IRA funds (**see RFA for more details**)
- b. Traditional EJ Partnerships
  - a. Non-financial relationships with CBOs where a subaward is not present (i.e., in-kind services)
  - b. Financial relationships with non-CBOs (i.e., subawards or contracts)
  - c. Non-financial relationships with non-CBOs (i.e., in-kind services)
- c. Both IRA-qualifying partnerships and Traditional EJ partnerships are encouraged in the EJPCS program
- d. EPA strongly recommends that applicants have THREE partners from THREE different stakeholder groups

# Registering on SAM.gov and Grants.gov

pages 19 – 23 of the RFA

## I. Applications must be submitted through Grants.gov

- a. Applicants must register on SAM.gov and Grants.gov before you will be able to submit an application. These registrations are totally free!!
- b. If you have never applied to a federal grant before, you will need you will need to create an account using login.gov to complete your SAM.gov registration.. The process for entity registration includes obtaining an Unique Entity ID (UEI), a 12-character alphanumeric ID assigned an entity by SAM.gov, and requires assertions, representations and certifications, and other information about your organization.

## II. Finalizing registration on SAM.gov and Grants.gov can take more than a month!!

- III. **Do not wait!!** Start registration now and/or check that your registrations are active and current

# Questions on...

- Purpose of the EJCPS program
- Definition of a CBO
- Funding Totals and Award Information
- Eligibility – Who can apply directly for an EJCPS award
- Partnerships (IRA and/or Traditional EJ partnerships)
- SAM.gov and Grants.gov Requirement

# Topics to be covered in this section:

- Types of Eligible Projects and Project Activities
- Special Considerations
- The EJCPS Model and Elements of the Model
- Ineligible Activities

# Funding Opportunity (Section I) cont.

pages 2 – 15 of the RFA

## I. Types of Eligible Project Activities (not all inclusive):

- Research (incidental to an eligible project) and public education
- small-scale construction and demolition work (if needed for project)
- small-scale clean-ups
- installations of air or water filtration systems
- Disposal and energy recovery training
- building refurbishments that reduce greenhouse gas emissions and other pollutants
- mitigation and/or monitoring of sources of pollution of pollution
- remediation of lead or asbestos
- workforce development to support low and zero emission and resilient technologies that reduce greenhouse gas
- community revitalization planning in support of climate resiliency and adaptation
- efforts to improve equitable transportation and mobility including through efforts to address barriers of cost and safety related to walking, bicycling, and public transit in order to reduce air pollution
- development of disaster preparedness plans

# Funding Opportunity (Section I) cont.

pages 2 – 15 of the RFA

## I. 2023 Special Considerations and Priorities\*:

1. Projects addressing Climate Change, Disaster Resiliency, and/or Emergency Preparedness

2. Rural areas

- Local areas with populations of 50,000 or less that have limited access to resources commonly found in metro areas
- Community Network areas selected by the Rural Partners Network (See [rural.gov](https://www.rural.gov) for a complete list of communities)
- Coal and Energy Communities (See [energycommunities.gov](https://www.energycommunities.gov) for a complete list of communities)
- Applicants claiming rural status must provide sufficient detail (census data, population figures, descriptions of local resources, etc.) for EPA to validate the rural status of the underserved community.

3. [Health Impact Assessments](#) (HIA)

- Projects that seek to determine the potential effects of a proposed environmental decision on the health of underserved and vulnerable communities and the distribution of those effects within the communities
- Applicants proposing HIAs will be expected to lead and coordinate the HIA along with their partners. EPA staff may provide technical advice but will not lead implementation of the project or HIA.

*\*The special considerations listed above will only be considered as an “other factor” during selection decisions. Applicants do not get “extra” points for addressing one or more of the special considerations*

# Funding Opportunity (Section I) cont.

pages 2 – 15 of the RFA

## **I. Use of the EJ Collaborative Problem Solving Model must be detailed in the application**

- Collaborative problem-solving is defined as an effort to bring together groups and resources (by three or more stakeholders) to solve a set of problems that any single entity cannot solve individually.

## **II. EJ Collaborative Problem-Solving Model Elements:**

1. Issue Identification, Visioning, and Strategic Goal-Setting;
2. Community Capacity-Building and Leadership Development;
3. Development of Multi-Stakeholder Partnerships and Leveraging of Resources;
4. Consensus Building and Dispute Resolution;
5. Constructive Engagement with Other Stakeholders;
6. Sound Management and Implementation; and
7. Evaluation

## **III. Applicants do not have to address all 7 elements in their workplan but should address at least several**

# Ineligible Activities (Section I)

- Lobbying as restricted in 2 CFR 200.450.
- Legal advice, services, or representation
- Travel for federal employees
- Projects or programs that are not eligible for funding under section 138(b)(2) of the Clean Air Act or the environmental justice implementation and training grant authority in EPA's Fiscal Year 2022 Appropriation Act, Public Law 117-103.
  - (e.g.) projects that are not related to the environment and/or environmental issues

# Questions on...
