Schedule Reminder

- End today at 5:00 to 5:15
- Plan for full day on November 2, but will try to make meeting shorter
- Full draft of WG report available COB Monday, November 6 Eastern
- Fatal Flaws due back COB Tuesday, November 7 Pacific
- Final report Wednesday, November 8
- Email confirmation from each member – acknowledge you understand this is the final report text going to NDWAC
- Final report to NDWAC Friday, November 10
- NDWAC review meeting November 28 – 30
- NDWAC report to EPA December 15

Segment 2: Review Working Group Member Feedback on Draft Recommendations

Facilitated Discussion

OFFICE OF GROUND WATER
AND DRINKING WATER

Segment 3: Draft Report Walk Through

Facilitated Discussion

Process for Today

- Line-by-line draft report walk through
- Review each edit and ask, “is this change a fatal flaw for you”? (fatal flaw equals changes vote from yes to no)
- If lack of immediate resolution to the requested change, defer to November 2 meeting – provide time for further reflection
- At the end of each recommendation, poll for final level of support either at the full recommendation or parts thereof – raise hand if “no”
- Full Support = 18 yes; Substantial Support = 15 – 17 yes; Strong Support = 10 to 14 yes; Limited Support = 4 to 9 yes; Little Support = 1 to 3 yes

15 Minute Break

12:30-12:45 pm ET

60 Minute Lunch Break

1:45-2:45 pm ET

Segment 3: Draft Report Walk Through, cont.

Facilitated Discussion

AND DRINKING WATER

Segment 4: Recommendations Path Forward

Facilitated Discussion

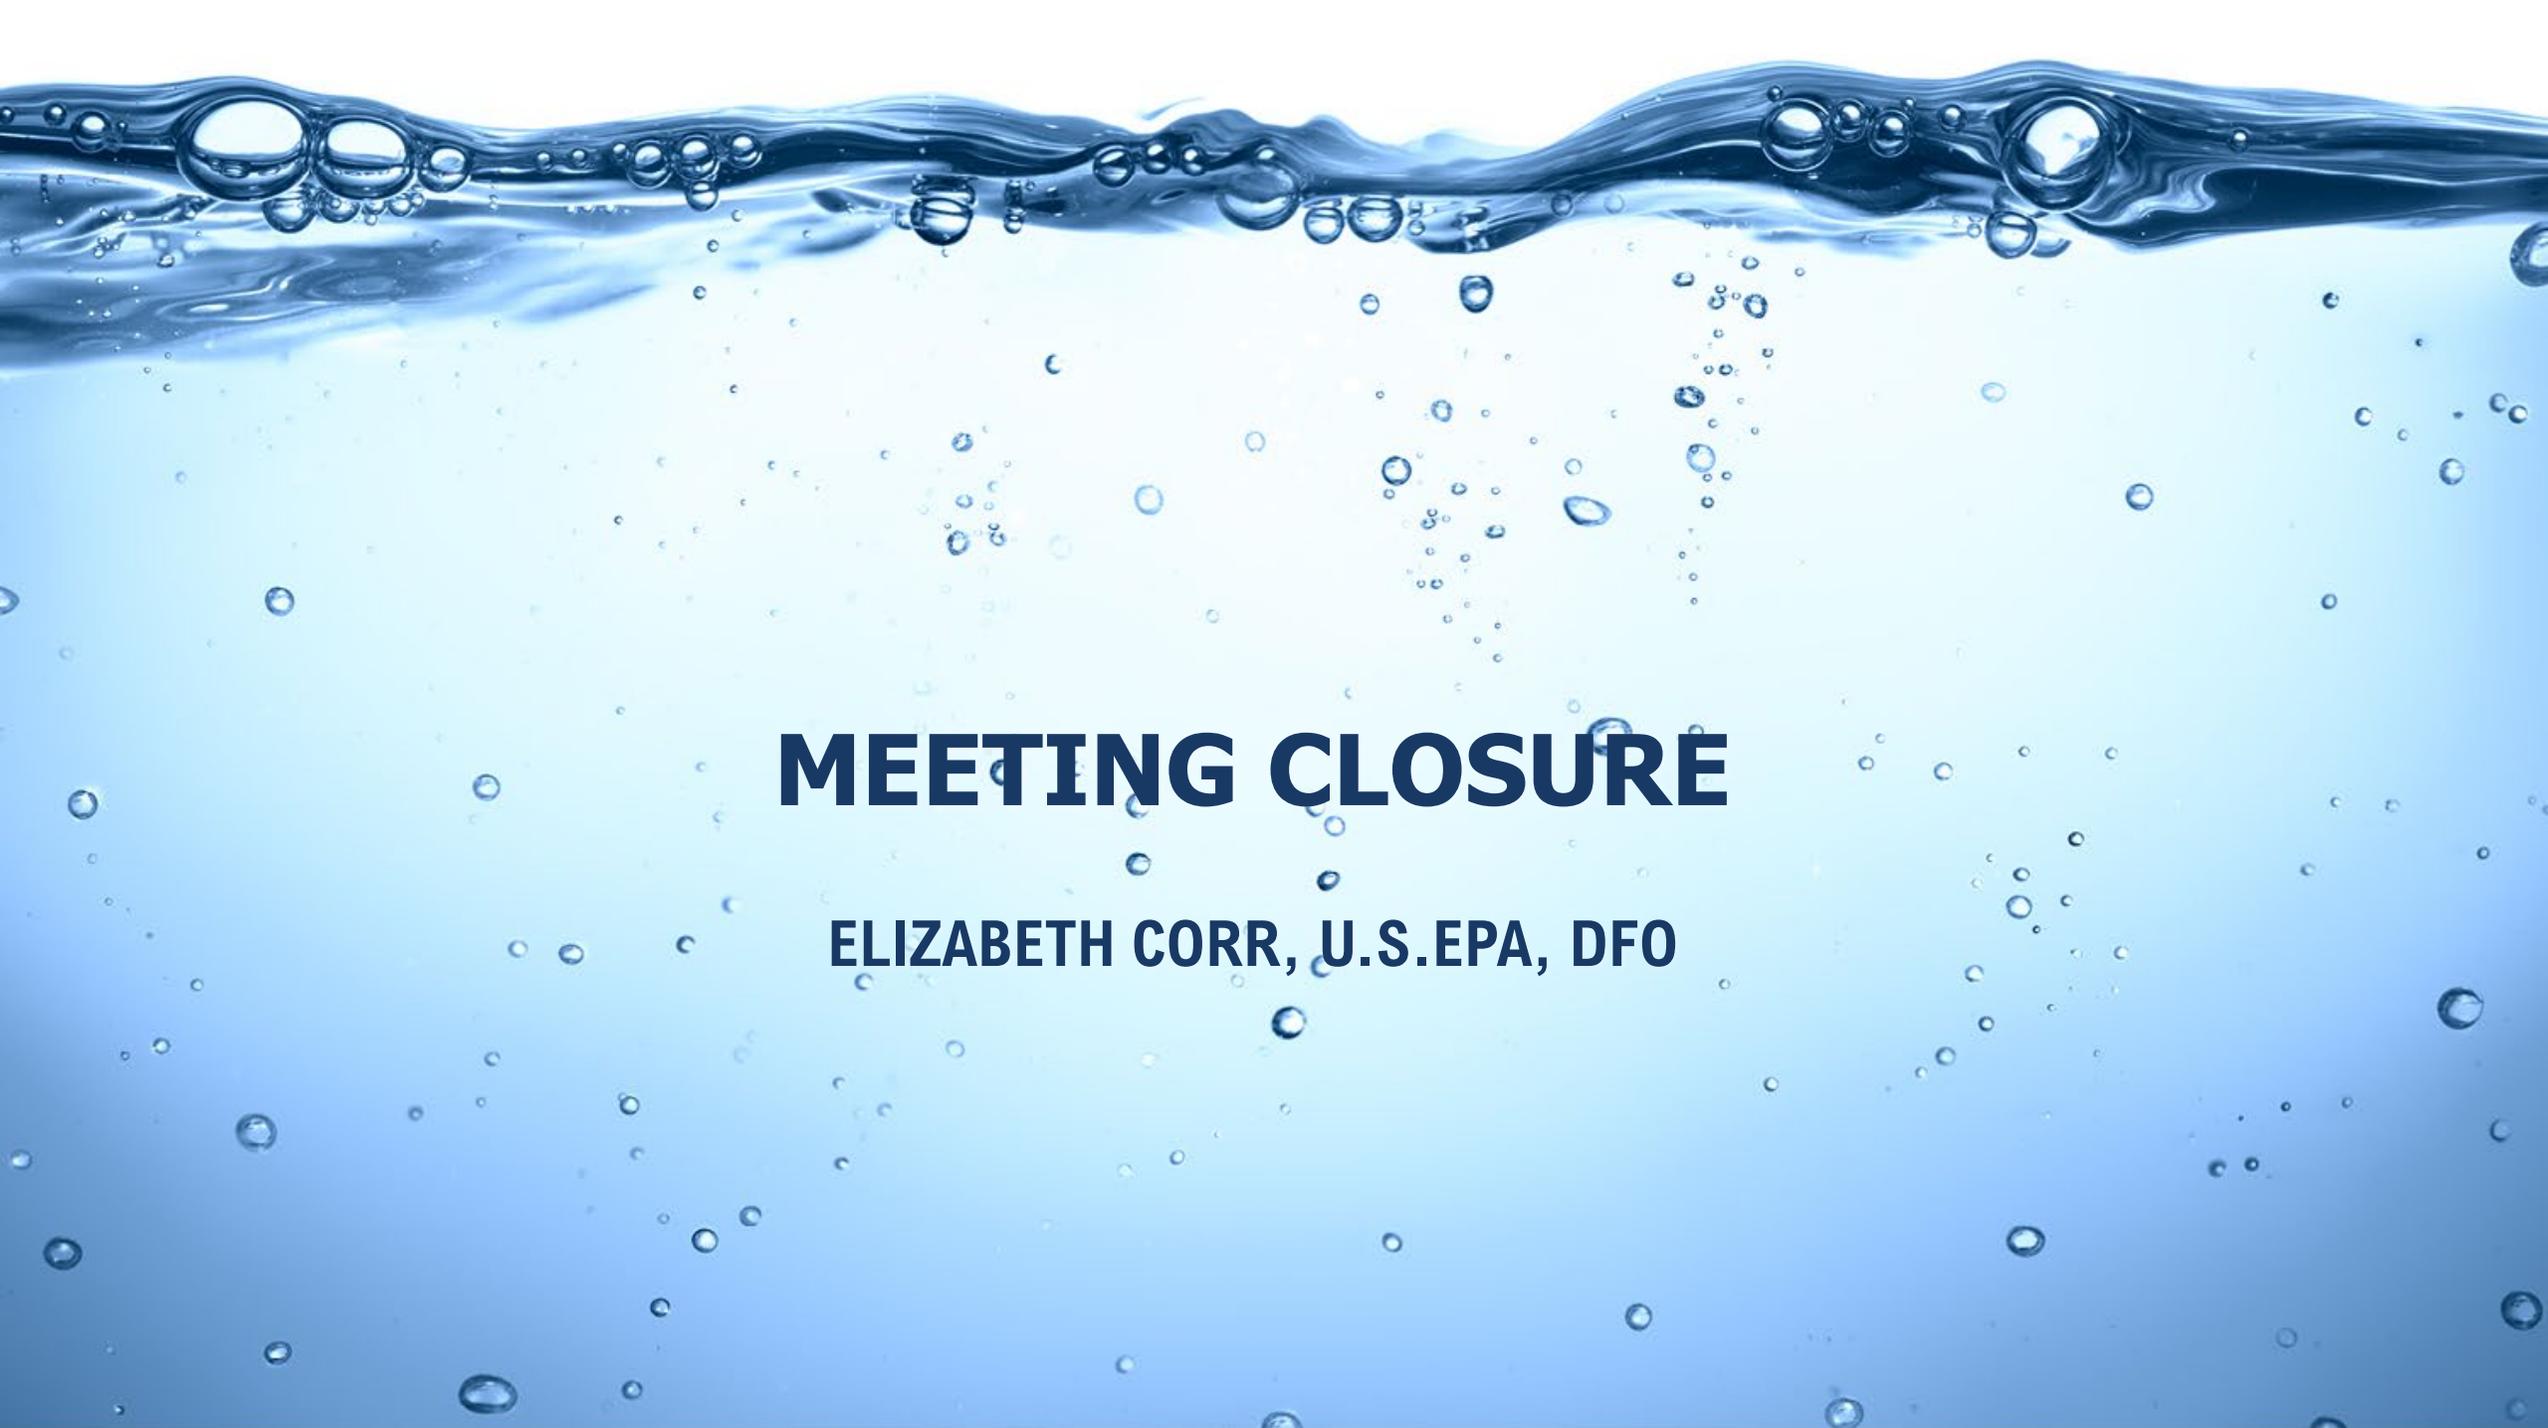

Segment 5: Closing

CLOSING REMARKS
CO-CHAIRS LISA DANIELS AND ANDY KRICUN

The background of the slide is a high-quality photograph of water. The top portion shows a wavy surface with several large, clear bubbles. Below the surface, the water is a deep blue color, and numerous smaller bubbles are scattered throughout, creating a sense of movement and depth. The lighting is bright, highlighting the textures of the water and the individual bubbles.

MEETING CLOSURE

ELIZABETH CORR, U.S.EPA, DFO
