Ms. Mary Gade
Regional Administrator
U.S. EPA, Region V
77 West Jackson Boulevard
Chicago, IL 60604

Re: Clean Air Act, Section 112(l)
Delegation Request

Dear Ms. Gade:

This letter is to request delegation of authority to Indiana to implement and enforce federal standards promulgated under Section 112 of the Clean Air Act. This request is consistent with U.S. EPA's final rule addressing delegation of authority (65 FR 55809, September 14, 2000) and final rule approving Indiana's Section 112(l) Program of Delegation (62 FR 36460, July 8, 1997).

U.S. EPA issued final rules in July 1997, March 2000, April 2004 and January 2006 delegating Indiana implementation and enforcement authority for Section 112(l) standards promulgated through those dates, respectively.

Based on prior program submittals and approvals for Indiana's Title V air permit and Section 112 delegation programs, Indiana has met the "up-front" approval requirements as specified in 40 CFR 63.91(d). The remaining criterion for approval is a demonstration that the State has adequate legal authority to implement and enforce the applicable federal standard. While incorporation of the federal requirements into the Title V air permit provides sufficient authority, Indiana also has incorporated the federal standards by reference into the state rules, providing legal authority outside of the Title V program.

This request covers those Section 112 standards adopted into Indiana rules, unchanged from the federal standard. A copy of the state rule language is enclosed (Enclosure A). A complete list of previously delegated Section 112 standards (Enclosure B) is also enclosed.

The following standards are included in this request:

<u>NESHAP</u>	<u>Federal Citation</u>	<u>State Citation</u>	<u>Effective Date</u>
Shipbuilding and Ship Repair Surface Coating Operations	40 CFR Part 63 II	326 IAC 20-26	July 15, 2001
Hydrochloric Acid Steel Pickling and Regeneration Plants	CCC	20-29	April 13, 2006
Surface Coating of Miscellaneous Metal Parts and Products	MMMM	20-80	Nov. 5, 2006
Surface Coating of Plastic Parts and Products	PPPP	20-81	Nov. 5, 2006
Industrial, Commercial, and Institutional Boilers and Process Heaters	DDDDD	20-95	Dec. 16, 2006

In amendments to the Section 112(l) program, U.S. EPA clarified that certain authorities granted to the Administrator may be delegated to the states (65 FR 55809, September 14, 2000). These authorities, identified as Category I authorities, are listed in the final federal rule. Indiana requests delegation of these authorities, as applicable to current and future delegated Section 112 standards and programs, to provide clarity for affected sources.

If you should need additional information, please contact Kathryn A. Watson of the Office of Air Quality at 317-233-5694.

Sincerely,

Thomas W. Easterly
Commissioner
