Dear Mel Cote,

I am pleased to submit the Penjajawoc Stream and Meadow Brook Addendum to the Maine Statewide Impervious Cover (IC) Total Maximum Daily Load for EPA review and approval.

This addendum contains the watershed-specific information necessary to add one stream to the existing 2012 *Maine Statewide Impervious Cover Total Maximum Daily Load*. This report provides information that may guide future TMDL implementation by watershed stakeholders.

We request review of this TMDL Addendum by March 1, 2024 if possible, so if approved we could include it in our 2024 Integrated Report.

Sincerely,

Tracy Krueger
TMDL Coordinator, Division of Environmental Assessment
