

IMPORTANT

MEETING ON THE RECOMMENDED CLEANUP ALTERNATIVE FOR QUIVIRA MINES AND SECTION 32/33 MINES

Community members from Thoreau, Church Rock, Coyote Canyon, Baca/Prewitt, Iyanbito, Casamero Lake, Pinedale, Gallup, Standing Rock and surrounding communities are invited to hear the **Recommended Cleanup Alternative for Quivira Mines and the Section 32/33 Mines abandoned uranium mine (AUM) sites** on:

March 23, 2024, 9 a.m. to 4 p.m. at the
Calvin Hall Center Auditorium (UNM-Gallup)

9 a.m. Start of meeting

10 a.m. USEPA/NNEPA/State of New Mexico presentation

11 a.m. – 4 p.m. Open mic comment period and information open house

The U.S. Environmental Protection Agency (USEPA), the Navajo Nation EPA Superfund Program (NNEPA) and the State of New Mexico will present the recommended cleanup remedy for Quivira Mines Site and Section 32/33 Mines Site. This meeting marks the start of the public comment period and your attendance and input are needed. All cleanup alternative comments will be documented and considered by USEPA. The engineering evaluations/cost analyses (EE/CAs) will be available in the administrative record files on March 16, 2024.
