

Clean Water
State Revolving Fund

2023 CWSRF

FINANCIAL OVERVIEW

FINANCIAL HIGHLIGHTS

The 51 CWSRF programs provided over \$8.8 billion in funding for high priority water infrastructure and other water quality projects in 2023. Cumulatively, since the program's inception, CWSRF programs have provided over \$172 billion in assistance, mainly in the form of low-cost financing, to a wide range of eligible borrowers.

- Since 2009, approximately \$7 billion has been provided as additional subsidy in the form of direct grants and principal forgiveness. Nearly \$665.6 million was provided in 2023 alone.
- Total assets are approximately \$79.7 billion.
- Net assets have exceeded \$59.4 billion. This is a \$2.2 billion increase from the previous year.
- Federal capitalization in 2023 was over \$2.8 billion.
- Annual earnings from loans and investments exceeded \$1.4 billion.
- The CWSRF issued nearly \$2 billion in leveraged bonds to provide additional funding for projects.

National aggregate financial statements were developed using data entered in EPA's National Information Management System between July 1, 2022 and June 30, 2023. Because the 51 CWSRF programs are independent state-level entities, no nationally audited CWSRF program financial reports are available. The financial statements are non-audited, cash-based financial reports. The four statements are described to the right.

Statement of Fund Activity (Page 2)

Provides an overview of major indicators of fund activity, including capitalization grant levels, project commitments, project disbursements, and subsidies provided. Both annual and cumulative data are given.

Statement of Revenues, Expenses, and Earnings (Page 3)

Describes the overall performance of the CWSRF fund over the reporting period that is reflected in the increase or decrease in net assets.

Statement of Cash Flows (Page 4)

Provides a detailed accounting of the actual flow of cash into and out of the CWSRF fund.

Statement of Net Assets (Page 5)

Describes CWSRF assets and liabilities through the end of the fiscal year. Assets include financial assets and capital assets. Liabilities include both current and longterm liabilities. CWSRF assets include grant funds that have been drawn from the federal treasury to date, but do not include total grant awards. CWSRF assets also include state matching contributions that have been deposited in the fund.
